## FLOOD NEWS.

The Situation as Reported From  
Memphis.

DISTRIBUTING GOVERNMENT AID.

Imminent Partial Inhabitants of  
Yazoo Delta.

PLANTERS APPEAL FOR STATE AID.

Memphis, Tenn., April 9.—Telegrams received tonight from the flooded area of the Mississippi delta report the situation unchanged. A heavy rain, accompanied by a strong southwest wind, has prevailed all afternoon.

Information from the Flower Lake (Iowa) says that the break is 1,700 wide. Every effort is being made to the end of the levee. The town of Lela is entirely shut out except by telegraph.

Today was rather dry for the desolate refugees at Boeale, and a more poverty-stricken band of negroes than those gathered at the plant of distribution would be hard to picture. Only those who were known to be actually in need were supplied. The news had become current among the negroes that the government had sent money and many who were yet able to take care of themselves were disappointed at not finding their names on the relief roll.

At Helena the river has fallen two feet and eleven inches since the levee gave way Sunday, and the backwater in the southern part of the city is at a stand. Many food refugees are being taken to Helena, and the number is that city will now probably reach 3,000. The relief committee is doing good work and no complaints have been made. The river is falling at all points between Cairo and Helena.

DISTRIBUTION AID.

Details Well Under Way and Supplies to Be Purchased.

Washington, April 9.—Secretary Alger is pushing forward the work of relief for the flood sufferers, and within a few days the disbursement of the ration provided for by Congress will begin. Today the secretary was in consultation with Col. Gillespie, president of the Mississippi river commission, who was accompanied here by telegraph by the secretary for the purpose.

Col. Gillespie has just returned from a visit of inspection of the flooded districts along the lower Mississippi, and, backed by his experience in the river improvements, was able to give the secretary an idea of the needs of the situation. It is felt by the engineer officers that, with the appropriation of \$300,000 already placed at their disposal by Congress for the protection of the improvement works, they will be able to restore the broken levees and get the river banks into normal shape wherever they are protected by the levees constructed by the National Government, and are not state works.

DISTRESS ABOUT GREENVILLE.

Planters Compelled to Ask Aid for Forty Thousand Laborers.

Greenville, Miss., April 8.—The condition of affairs in this section of the Mississippi river continues serious. Wheat is today at the door of many laborers. The Yazoo-Mississippi delta embraces ten counties with a population of near four hundred thousand people, seventy per cent of whom are farm laborers who depend for their daily bread on the rice raised on the plantations and local merchants on part of the laborers' farming operations. The planters and merchants are now secure advances from money centers on their paper based on the growing crops after having carried the laborer until the crops have been planted. The inundation occasions a withholding of credit from the country, thus cutting its most vital cords.

From this statement it will be readily seen that every day adds severity to the straits. The promptness with which the Federal government has interested itself in the condition of the inhabitants of the inundated districts has brought a strong ray of hope into the situation which is at best gloomy enough. The secretary of War has kept himself in telegraphic communication with the Governor of Mississippi, seeking information concerning the needs of flooded districts. Gov. McRae, in turn, has kept in telegraphic communication with the representative men of the delta, and yesterday he was advised assistance was needed. Today's advice gives a more extended report of the prevailing conditions, whereupon many of the leading planters and business men of this section

## ONE RECRUIT.

Comes to Hunter's Forces on  
Third Ballot.

HUNTERITES ARE JUBILANT.

Porto Rico Joins the Rebellion  
Against Spain.

GENERAL JULIO SANGUILY ARRESTED.

Frankfort, April 9.—It looked at one time today as if the prediction of Dr. Hunter that he would be elected today was to be verified. On the first ballot Hunter received 62 votes, being three short of the necessary 65. On the second ballot there was no change.

On the third ballot, however, Baldwin, a Bradleyite, deserted to Hunter. This gave Hunter two less than requisite. Senator Nye was importuned to come to Hunter's support, and agreed to do so if he could get another vote so that he could be elected.

There was great excitement in the Hunter camp and they were confident they would get the one needed recruit to make the election of the Doctor sure. An effort was made to force a fourth ballot, but an adjournment was ordered. Dr. Hunter still claims he will win tomorrow.

PORTO RICO

Takes Up Arms Against Spanish Oppression.

New York, April 9.—The "Herald" today says: Dr. J. J. Henna, president of the Porto Rican Revolutionary Committee in this city, has received private information from the committee on the island of Porto Rico to the effect that the country has taken up arms against the Spanish government, the uprising having taken place in Yasco and Adjuntas.

WARS, MANY WARS.

Porto Rico Adds Her Mite to Spain's Distress.

New York, April 9.—A dispatch to the "Herald" from Montevideo says: The Republic is greatly alarmed at the failure of the government to suppress the rebellion. The administration officials admit the news from the front is unfavorable.

The government columns, under Mues, have been dispersed by Seneca. Lame is now said to be marching on Minas. The government troops were defeated with heavy loss at Treinta y Tres.

London, April 9.—A dispatch to the Times from Cape Town says that advice received from Delagoa Bay announces that the country bordering on and across the Limpopo river, forming for many miles the northwest and northern limit of the Transvaal, is in open revolt. It is added that the situation is serious.

SANGUILY ARRESTED.

He is Charged [With] Abetting an Expedition Against Spain.

Jacksonville, Fla., April 8.—The arrest last evening of Julio SangUILY and Col. Francisco Lachusa on a charge of aiding and abetting a military expedition that was to be started from these shores against the peace and dignity of the Kingdom of Spain, has occasioned something of a sensation. This is the first outcome of the alleged expedition of the Bermudez was broken up by the Venues on her all-night cruise last Saturday night. The warrant was issued by United States Commissioner Egan, and is returnable at his office at 10 a. m. in the morning.

SangUILY and Lachusa were not taken into custody, they being permitted on their personal recognizance to appear at the hearing. SangUILY is indignant over the action of the Spanish Consul, Senor Potous, in thus having such a matter sprung on him, and will insist on an early hearing. The government will fight, as United States District Attorney Clark is out of the city, though Crawford Gibbons, who stands sponsor for all Spanish doings, is here and they will ask that the case go over till Friday morning. This doubtless will be done.

Cubans here are greatly stirred up, and they denounce the actions of the United States officials in thus lending themselves to the "dirty work of Spain's hirelings," as they phrase it. Ample bail can be furnished, so that nothing can be done to bother SangUILY, except the aggravation of having to stay here and fight the case afterward. It is done, it is said, to prevent his returning to Cuba, as they fear his presence there will encourage the insurgents greatly.

Gen. Weyler announces that he has expelled Lm Vilas, and will do the same at Puerto Principe Province.

## ALL OVER NOW.

The Democratic Convention at  
Murray Closed.

COOK AND HOWELL NOMINATED.

Convention Took Eighty-one Ballots and Adjourned at 10 P. M. Last Night.

DELEGATES ALL RETURN HOME.

The convention, which began at Murray yesterday to nominate a Democratic candidate for circuit judge and Commonwealth's attorney of the Third judicial district, composed of Callaway, Lyon, Christian and Trigg, nominated Thomas P. Cook, of Callaway, on the fifty-fourth ballot.

C. M. Meacham, of Hopkinsville, was made temporary chairman and S. J. Snook, of Kuttawa, secretary.

The committee were: Credentials—W. W. Harding, Callaway; J. T. Wall, Christian; N. O. Gray, Lyon; G. M. Hingham, Trigg; Robert Hayes, Lyon.

Organization—F. A. Miller, Callaway; J. B. Allinsworth, Christian; M. T. Baughner, Lyon; B. T. Terry, Trigg; T. B. Jones, Callaway.

Rules and Resolutions—W. B. Keya, Callaway; W. S. Hale, Christian; H. B. Lyon, Lyon; J. B. Garrett, Trigg; John D. Shaw, Trigg.

Chairman Meacham was made a member of the committee on organization.

The convention adjourned at noon to meet again at 1 o'clock, and Hon. W. M. Reed was called upon to address the assembly, which he did in his usual happy manner.

The report of the committee on resolutions was unanimously adopted. The report of the committee on organization was adopted. It recommended for permanent chairman of the convention Hon. H. B. Lyon, of Lyon; for permanent secretary, C. M. Meacham, of Christian, and H. R. Lawrence, of Trigg, for assistant secretary.

The committee on Resolutions then reported the following, which were concurred in:

Resolved, That we reaffirm our allegiance to the principles of the Democratic party as expressed in the Chicago platform of 1896, and call upon all Democrats who may differ upon any of the principles therein enunciated to unite in the coming state, district, and county campaigns to the end that the party may be restored to power and win an old-time victory.

The nomination of Hon. Thos. P. Cook, of Callaway, for circuit judge was made by Hon. J. R. Coleman and seconded by Mr. S. C. Molloy, of Kuttawa.

Hon. John Phelps and Judge R. A. Burnett were nominated, and the vote in all the counties for Cook was 10 20, Burnett 10 57, and Phelps 11 53. The ballot remained thus until a motion was carried to drop the candidate having the least votes after the fifty-fifth ballot, and Judge Thomas P. Cook was nominated in the fifty-fourth ballot.

After the nomination of Judge Cook, the convention proceeded to nominate for Commonwealth's attorney. The morning "Register," as usual, sprung a joke about the convention adjourning until today.

The convention remained in session and those nominated were: Hon. W. A. Howell, of Christian county; Hon. J. T. Haulberry, of Christian county; Hon. Fenton Sims, of Trigg; and Judge Dabney, of Trigg.

Judge Dabney was dropped first, Mr. Sims, second, and on the 20th ballot Mr. Howell was nominated. The convention adjourned at 10 o'clock last night, and this morning a large number of the delegates passed through the city en route home.

Some of the delegates who stopped over were: Jas. B. Garnett, of Callaway; Chas. M. Meacham, W. S. Hale, W. B. Nesley, Jas. Cook, J. H. Carless, J. T. Wall, H. B. McKinney, W. T. Cooper, J. T. Haulberry, Hopkinsville.

John D. Shaw, of Callaway; T. H. Molloy, M. T. Baughner, of Hopkinsville; Sam C. Molloy, N. O. Gray, Kuttawa.

## SUGAR BEET CULTURE.

Experiments to be Resumed by the Missouri State Agricultural College.

Columbia, Mo., April 9.—Prof. H. J. Waters, dean of the Missouri Agricultural College, made an interesting statement today regarding the state beet industry. For several years the question of the cultivation of sugar beets in Missouri has been agitated, and Hon. C. C. Bell, of Booneville, has been urging an investigation of the sugar qualities of this product. Mr. Bell has had two interviews with President McKinley on the subject and urged him to bring about a series of experiments with beets in Missouri. The State Agricultural Experiment Station, which had already conducted

experiments several years ago, has decided to renew the work on a larger scale. Their previous experiments demonstrated that the percentage of sugar in Missouri beets was from 4 to 6. In order for the beet to be profitable for sugar making the percentage should be from 10 to 12. Owing to the large number of letters received here from farmers, boards of trade and capitalists urging further investigation, the agricultural experiment station will experiment further and make two experiments in each county. The United States Department of Agriculture has just supplied the station with a large quantity of seed, which will be distributed free to any farmer making application here for the same. To any one who wishes to experiment the station will furnish full directions for the work. Previous ex-

## POLICE NOTES.

Blue Coats of City Hall Spend a Dull Day.

**MAY AND WIFE SEPARATE.**  
And All On Account of Another Man.—Dr. Covington-Gies Had at Metropolis.

**LITTLE ASTIN IN POLICE CIRCLES.**  
A young man named E. E. Holland, who is employed at Veal & Allison's tobacco works on North Third, appeared at police headquarters late yesterday afternoon and told his troubles to the police authorities. He said that he and his wife separated yesterday on account of a railroad man named Newhouse, who had been paying her no little attention of late.

According to Holland's story, he went home a night or two since and found his wife, her mother-in-law, Mrs. Cantrill, Newhouse and another man, playing cards. He ordered Newhouse to leave, and never came back again, but he refused to go, and stuck his hand back as if to draw a revolver.

Holland claimed that he saw the butt of a pistol, and that he drew his pistol to defend himself, but fortunately bloodshed was averted.

Holland wanted a warrant against Newhouse for carrying a pistol concealed.

Mrs. Holland was formerly a Miss Wilson, of Fulton, and is quite a handsome woman. She and her husband have been married about a year and a half.

Last spring Dr. Covington, of Metropolis, was on the Kentucky side of the river with one or two women of ill repute.

He fell in with a few Paducah sports, who "did him up" in great shape. Pistols were drawn and there came near being bloodshed, but fortunately was not. There was a fight, however, and when Dr. Covington came to Paducah next he was arrested on a warrant issued by Justice Winchester charging him with carrying concealed a pistol.

He was fined \$25 and given ten days in jail, but has never come back to serve his jail sentence.

A day or two ago he met one of the Paducah young men who had trouble with him on the occasion mentioned above, near the river bank on the Illinois side. He drew a pistol and made the Paducah man kneel, and then fired several shots either at him or to scare him. The Paducah young man pulled out in a swift with two women as soon as he could get away, and Marshal Crouch had considerable fun getting him back. Dr. Covington was fined \$5 and costs yesterday in the police court, and the Paducah young man will hereafter stay at home.

"Curley," the whilom city hall canine mascot, came over from his home in Illinois today and called in at police headquarters. The dog seems to remember his old acquaintances, but makes his visits very brief.

Nothing has yet been learned of the old German, Jacob Keiper, supposed to be the unknown man who was burned in Antioch church at Florence Station a few weeks ago. Time only serves to confirm the suspicion that he is the man who met his fate on that Sunday night. His friends are still at work, however, searching for conclusive evidence.

More depositions were taken today in the Oliver Allard divorce suit at Attorney Lightfoot's office. Judge Courtney, of Metropolis, was present.

Thieves broke into Mr. J. E. Potter's wagon yard at Third and Jefferson streets last night and stole 25 dozen eggs and a box of new potatoes belonging to Mr. G. W. Aaron, of Ragland. Constable Miller and others have been at work on the case today, but failed to discover any trace of the thief.

Officer Frank Smedley has a new umbrella. A tramp found it in the post office yesterday, where someone had left it, and made the officer a present of it.

## STOLEN LICENSE FOUND.

Engineer Dossing Hears From His Missing Papers.

The Supposed Thief Was Murdered in Memphis.—The Papers Found On Him.

Engineer Charles Dossing, of the steamer George H. Cowling, which plys between Paducah and Metropolis, had his license stolen off the boat about three weeks ago.

The license was issued to him only last February 4, and he was at a loss to account for their disappearance. They were of course issued in his name and were good for five years.

He heard no more of them until a few days ago, when he read an account in a Tennessee paper of the murder of one Chas. Dossing at Memphis. The man was a stranger, so the article read, and the only way

they could identify him was by a steamboat engineer's license found on his person, issued to Chas. Dossing. This proved conclusively that the unknown man was the thief who stole Engineer Dossing's license, although he could have little use for it. The man is supposed to have been killed for his money.

Capt. Cowling today wrote to Memphis to recover the license, if possible.

**FAST TRAIN ON AGAIN.**  
Afternoon Passenger Delayed Again To-Day.

The fast L. & N. train, after being off about three weeks, was put on today, and makes connection with the morning train leaving here at 8 o'clock at Nortonville for Nashville, Tenn.

The Louisville passenger train, due at 12:30 this afternoon, was delayed about forty minutes by a derailed freight car above Dawson. Yesterday it was delayed by a derailed car above Edinville.

**POST OFFICE**  
**ROBBED.**  
Pryorsburg Visited by Burglars Last Night.

The post office at Pryorsburg, Graves county, six miles below Mayfield, was looted by burglars last night, and all the stamps and money there were taken.

The marauders gained entrance by breaking open the front door, and they seem then to have taken their time. The building, which is used by Postmaster H. Hendon as a general merchandise store, was found empty early this morning, and United States Commissioner J. R. Puryear, of the city, was at once notified by telephone, and he ordered Postmaster Hendon to forthwith take an invoice of the complete loss to the government.

The tracks left by the robbers were covered up so that the trail might be preserved, and Marshal Walker's bloodhounds were sent for, and were to be brought up on the first trail.

In addition to robbing the post office, the robbers broke into Robins Bros.' dry goods store next door and stole a quantity of goods in addition to a small amount of money.

They left no clue, but their tracks have not been disturbed, and it is believed that the bloodhounds will be able to follow them very successfully.

It was impossible even to approximate the loss, but it will be under \$100. According to the report sent to Commissioner Puryear, every thing of any value in the way of stamps, money, etc., was taken.

It is believed that there is an organized gang of thieves operating in Graves county.

Box Station was visited a few nights ago and several hundred dollars worth of goods stolen.
